

CONVEGNO CONGIUNTO DBB – IGM

*Istituto di Genetica
Molecolare - CNR*

Pavia, 13-14 Febbraio 2015
**Aula del '400, Università degli
Studi di Pavia**

Con il contributo di

CONVEGNO CONGIUNTO 13-14 FEBBRAIO, AULA DEL '400

Venerdì 13 Febbraio			
14:00-14:15	SALUTO RETTORE		
14:15-14:40	Mariangela Bonizzoni DBB	<i>The Genome of Dengue Vectors: implications for their control</i>	
14:40-14:50	Discussion		
14:55-15:20	Giordano Liberi CNR-IGM	<i>Transcription-induced replication stress in senataxin-deficient cells</i>	
15:20-15:30	Discussion		
15:35-16:00	Federico Forneris DBB	<i>Establishing new medium-throughput strategies of protein production for structural characterization of large macromolecular complexes</i>	
16:00-16:10	Discussion		
16:15-16:40	Coffe break Sponsored by Euroclone		
16:45-17:10	Simone Sabbioneda CNR-IGM	<i>A new role of the E3 ligase UBR5 in DNA replication and damage tolerance</i>	
17:10-17:20	Discussion		
17:25-17:40	Antonio Sorrentino Exiqon, Denmark	<i>LNA tools to assess non-coding RNAs function in animals</i>	
17:40-17:45	Discussion		
17:45-18:10	Emmanuele Crespan CNR-IGM	<i>Ribonucleotide incorporation by human specialized DNA polymerases during normal and translesion DNA synthesis poses a threat to DNA repair</i>	
18:10-18:20	Discussion		
18:25-18:50	Mauro Freccero Dept. of Chemistry	<i>Quadruplex Nucleic Acids as Therapeutic Targets"</i>	
18:50-19:00	Discussion		

CONVEGNO CONGIUNTO 13-14 FEBBRAIO, AULA DEL '400

Sabato 14 Febbraio

9:30-9:55		Davide Sassera DBB	<i>Midichloria mitochondrii, what can we do with an intramitochondrial symbiont?</i>
9:55-10:05	Discussion		
10:10-10:35		Fabrizio d'Adda di Fagagna CNR-IGM	<i>The role of transcription in DNA damage response modulation</i>
10:35-10:45	Discussion		
10:45-11:15	Coffe break Sponsored by Euroclone		
11:15-11:40		Anna Olivieri DBB	<i>Using DNA to track down the origin of populations and migratory events</i>
11:40-11:50	Discussion		
11:55-12:30		"FAB-T, Arturo Falaschi Lecture" Mauro Giacca ICGEB, Trieste	<i>New genes for old hearts</i>
12:30-12:40	Discussion		
		Alessandra Albertini Giuseppe Biamonti	<i>Looking back, looking forward</i>
